

Schober Organ Notes No. 44

OVERTURE

BACK ISSUES OF ORGAN NOTES

Well, I finally "got around" to sorting the back issues of our newsletter. I have quite a few ... so I can safely offer them to folks who are interested. Just let me know what you're looking for; be it one particular issue or all issues prior to issue #??. I do have some individual issues but a much larger number are abridged. EX: 3, 4, or more issues, with "no longer valid" items deleted, have been abridged to one sheet (front and back) - so, assuming you're in need of issue #7 ... you might get a single #7 or an abridged #6 through something or other! If you request all issues before a certain issue # ... you'll probably receive some single and some abridged issues. **LET ME KNOW WHAT YOU WANT AND I'LL LET YOU KNOW HOW MANY STAMPS I'LL NEED.** My mailing address is at the end of this newsletter. You can also contact me via my Email address: oranur@juno.com

DEVTRONIX/RAY DEVAULT Ray's Email address was "red lined" in Organ Notes #43. The reason: Ray notified me that he had gone to a different Email service (but it was too late to make the change in our newsletter - so I just red lined the "no longer valid address". His new Email address is: devtron@aol.com

THANK YOU, "RUSTY"

"RUSTY" CHERONE, of RUSTY'S PIANO/ORGAN SERVICE CO., has kindly included items, about our group in a few issues of his company's newsletters (KEYNOTES). Rusty invites folks to; **JOIN US EVERY SATURDAY MORNING FROM 10 AM TILL ??? FOR COFFEE AND DOUGHNUTS. AT: 33 WILLOW WAY, WEST PATERSON, N.J.**

CORRECTIONS

PAUL DOERR (ORGANized SERVICES) phoned to thank us for the item in our newsletter #43 and to let us know that his 800 phone number should read: 1-800-870-ORGN (not ORGAN - as listed in our newsletter) and to correct his other number to: (609) 387-2633.

REZOUNDER

STANLEY LISCUMB writes that he needs a copy of the schematic for the Schober Rezounder. Nothing else ... just the schematic. If you can help Stanley, here's his address: 26 Agnes St. Barrie, ONT. Canada L4M 2S2

SWAP & SHOP

RECITAL AND/OR PARTS

DR. FRED MOTE says his Recital (or Recital parts) is/are available PLUS a never completely assembled COMBINATION ACTION. For more information ... contact: Dr. Fred Mote 303 Montana Ave. Superior, MT 59872 or PH: (406) 822-4766

FILTER CARDS?

NELSON BOAN needs some Recital stop filter cards and he writes that he has some spare organ parts (mostly Schober). If you can help Nelson or if you'd like more info on the organ parts: Mr. Nelson H. Boan P.O. Box 460 Balsam, NC 28707 PH: (704) 456-7394

DEVTRONIX 234-3 OR 4

A friend of mine is hoping to find one of the above. If you can help please contact me (Editor/Fred)

SCHOBER 1 BD. T.G.

DAVE GAIRO writes; "I went through my information and found some of the parts sources I used to get components for the IC tone generator. The main chip on the board is Schober part #: 1750240. This is the Top Octave Synthesizer (TOS). I found this part at KEYBOARD SYSTEMS 3637 East 7800 South Salt Lake City, UT 84121 Fax: 801-943-7889 Phone: Parts Orders 800-728-5361 Inquires 801-943-7888 e-mail: Keyboard@SystemsInfo.com They have a web page: <http://www.xmission.com/~keyboard/> The web page cross references various part numbers to Keyboard Systems parts and includes diagrams of the chips. They have TOS and divider ICs for many organs and keyboards. The part for the Schober IC tone generator is: KS-83 and the price as of Nov. 96 was \$39.95. (A little high, but you need it, don't you?) They also have MIDI retro kits and vacuum tubes. Other ICs on the Schober board are 4024 dividers which can be ordered from many electronics suppliers. I got mine from Allied Electronics and the cost was \$.42 each. By the way, I am still looking for the tuning coil for the IC tone generator board. Schober part number is 0323. If anyone has one or knows where I can get one (or a replacement), please let me know." Here's Dave's address: 1302 Gibson Rd. #73 Bensalem PA 19020 Email: davidjgairo@unn.unisys.com

MORE RECITAL PARTS

DR.JIM WIGGIN writes that he "inherited" (from his church) a Devtronix Chapel. He says he intends to put the Devtronix electronics in his Recital console ... so most of the Recital "guts" will be available. If you're interested, you can contact Jim at: 590 Russell Rd. Mansfield, OH 44903-1929

ANOTHER MITA TECH. ** PENNSYLVANIA **

MR. JESSE L. BETLYON
BETLYON ORGAN SERVICE
143 N. WATER ST.
SPRING GROVE PA 17362

JESSE writes; "I would appreciate your putting my name, etc. in your next newsletter, stating that I am interested in repairing Schober organs." He continues with; "I have been in the organ repair business for 30 years." For more details, write to the above address or phone: (717) 225-5390.
