

Schober Organ Notes No. 45

OVERTURE

NEW MIDI SYSTEM

DEAN PEDEN writes that Jim Duane of Keyboard Systems has a new, user friendly MIDI System with a great sounding and cost effective sound module. He said; "I do not know of any other present MIDI retrofit and sound module on the market that can beat it either in cost or sound".

MOD. RECITAL VOICES

DOUG STEEVES offers to furnish circuit drawings of the RECITAL voices that he's modified to suit his taste. If you're interested, contact Doug: Mr. Douglas A. Steeves,, 11 Heather Dr., Moncton, N.B., Canada E1E 1C6

SWAP & SHOP

A RECITAL IN ALASKA

JIM ANDERSON writes that his Recital has been in storage for several years ... and he'd gladly give it to anyone who could provide it a good home and pay the transportation costs. Mr. James H. Anderson, P.O. Box 84607, Fairbanks AK 99708,, Ph: (907) 455-6077; e-mail: ffjha@aurora.alaska.edu.

ALLEN ORGAN FOR SALE

DOUG STEEVES says he's interested in selling his ALLEN ORGAN. (His address is listed below the above Recital Voice item).

CAL BACON picked up this item from "The Windsheet" which is the newsletter of his local chapter of the ATOS:

FREE TO GOOD HOME

Schober Concert Model Organ, 32 pedal AGO console, 2 manual, 23 stops and couplers, 2 reverb units: One Fisher electronic and one old style Schober tape loop type. The manuals and the Schober Organ Tester are also included. Contact Ron Choy at 415-876-7136.

AND CHRIS FEIEREISEN found this one in the "PIPORG-L POSTINGS":

Listed by: Bruce Behnke <behnke@isat.com> ...

his message:

"My father, age 83, decided it is time to part with his practice instrument which is a second hand Schober (sp?) that he picked up about fifteen years ago. The console doesn't look too bad but the electronics would probably need to be gone over or possibly replaced. Although he would take some money for it, he is more interested in having it used. It is currently available and located in Bay City, Michigan. Contact me if you are interested. Bruce".

2 MORE MITA TECHS

JOHN SCHNEIDER writes that he's interested in working on Schober Organs. He says; "My Service area is about 200 miles around the Southeast corner of Minnesota (where Interstate 90 crosses the Mississippi River). This covers most of Southern Minnesota, Northeast Iowa and Western Wisconsin. Here's the info. for contacting John: SCHNEIDER ELECTRONICS, 607 Larch Avenue, La Crescent, MN 55947,, Phone: (507) 895-2702; E-mail: jschneider@centuryinter.net

RICHARD PELLAND writes that he's been in business since 1976 as Pelland Organ Company. AND that he's experienced on most brands of divider generator organs, like Schober, as well as individual oscillator organs like Allen, Baldwin, Rodgers, Artisan, Saville, etc. He says; "I am located in Derry, NH which is 40 minutes north of Boston on Rt 93 and will travel any reasonable distance to service a client." Contact him at: Pelland Organ Company, 10 Damren Road, Derry, NH 03038, 1-888-432-4132; Email: <pelland@worldnet.att.net>
